Welcome to Ling Live! We are thrilled to have you in our growing family of language learners. To help you get started, we have prepared this handbook where we will cover valuable information, including the overview of the program, the step-by-step process on how to set up your profile, the learning process, payment, and the terms and conditions.

## 1. General information

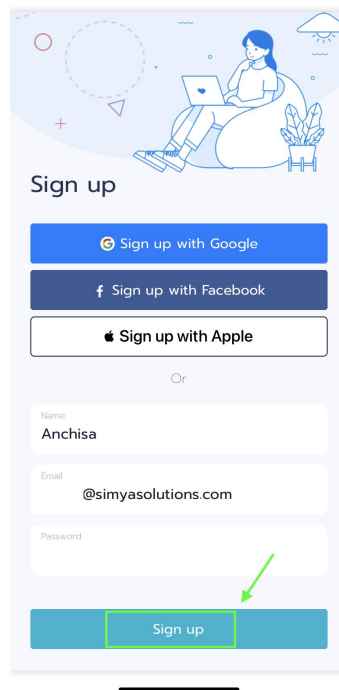

**Ling Live** is the one-tap language booking service that connects language learners and language teachers on one platform. This mobile platform paves the way for students to connect with a range of highly-vetted language professionals that match their requirements. In the case of teachers, Ling Live offers an opportunity to meet non-native speakers who are truly passionate about learning the Thai language.

i. Here is how you select a language.

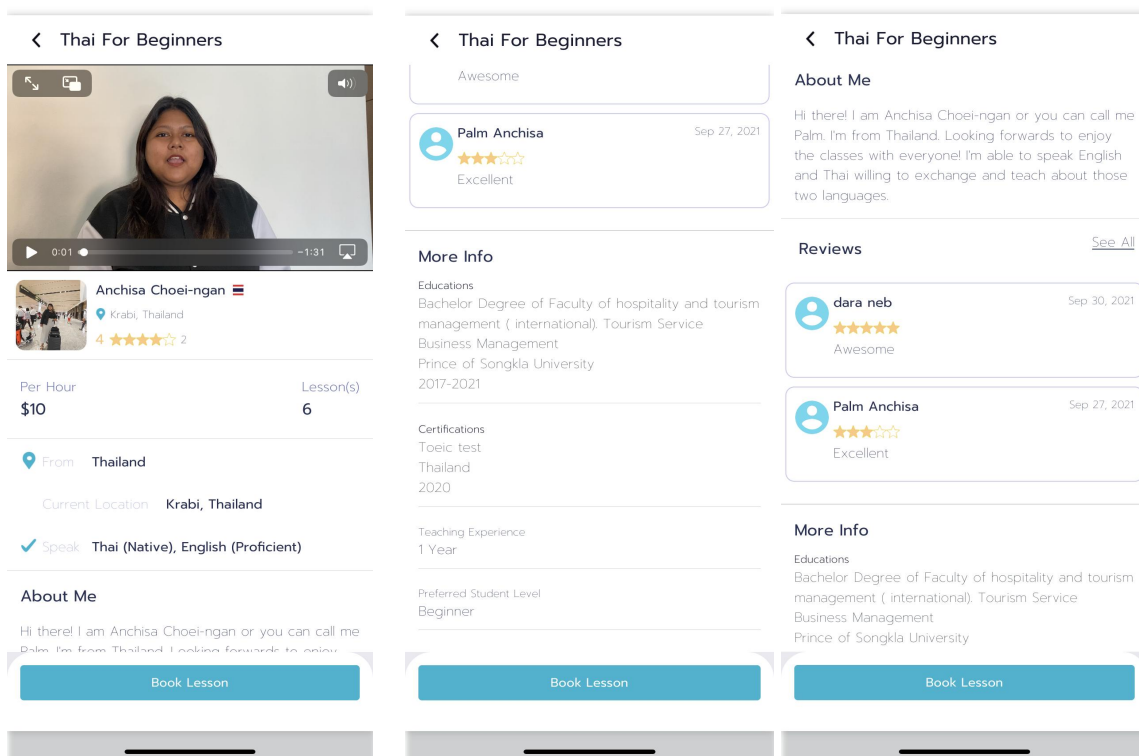

Click language dropdown menu → Select your preferred subject language → Click Continue

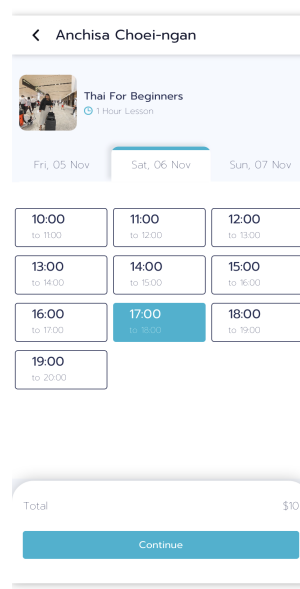

ii. After selecting a language, a list of teachers will be shown.

For example, if you select teacher Anchisa and click her name, all her credentials will be displayed. Including introduction video, name, location, price per hour, language level, a short

teacher description, reviews from previous classes, education background, and teaching experience.

iii. Click 'Book Lesson' then it will redirect you to availability and you can select the time that matches yours.

**3. Book the lesson and pay:** After you've found your preferred time slot and clicked 'Continue,' the 'Checkout' page will be shown. There are 2 payment options; 1. Credit and 2. Credit card. Payment details are encrypted and securely processed.
